

## SUPPORTED EMPLOYMENT

Paid competitive work performed by individuals with severe disabilities who require intensive support services to obtain employment and extended support to sustain such employment, and which is performed in an integrated work setting which provides regular interactions with individuals who do not have disabilities, other than paid care givers. Establishes employment opportunities in local businesses on a one-to-one person/job basis or in a small group/enclave. These services may include job coaching, intensive level of supported employment and extended level of supported employment. **Job Coaching** - training to perform tasks to the employer's specifications, to learn interpersonal skills necessary to be accepted as a worker and in related community contacts. Also related assessment, job development, counseling, advocacy, travel training and other services to maintain employment. **Intensive Level of Supported Employment** - Job coaching services that lead to employment and a level of stabilization; services are intended to enable the person to remain effectively employed in an integrated community setting. Provided throughout the term of employment and include at least twice monthly monitoring to assess employment stability. **Extended Level of Supported Employment** - On-going support services provided after an individual has reached stabilization; services are intended to enable the person to remain effectively employed in an integrated community setting. Provided throughout the term of employment and include at least twice monthly monitoring to assess employment stability.
